Romans 6:15-23

[Watch & Listen Now](#)

v.15-16 – If someone were to observe you for a day, who might they conclude that you were being obedient to – the way of sin, or the way of righteousness? What things in your life would lead them to draw this conclusion?

v.17-18 – If by the grace of God we've been set free from sin and have become slaves to righteousness, why is sin still a reality in my life? What are some practical ways that we might offer ourselves to God {slaves to righteousness}?

v.19-22 – Have you ever reaped {or received} any benefit from choosing the way of sin? What benefits are there in walking in the path of righteousness?

v.23 – If eternal life with God is a gift from God, how shall that define and shape the way we relate with God, ourselves and the world around us?
