The God Who Is...

Romans 10:18 -11:6, 33-36

[Watch & Listen Now](#)

Big Question – Is your theology (thoughts about God) leading you to worship God? Can you say/sing with Paul when he writes his doxology in Romans 11:33-36?

How would you describe God? What does our description of God say about how we think about God and Christianity? Would other people be interested or amazed by God by your description?

God does not reject those that reject him. (Romans 10:21, I Sam 12:20-22) If this is true, then how does this effect our lives? How should we think of our own sin?

God is faithful to those he's called. (Romans 11:2-5) If this is true, how should we think about difficulties and trials in our lives?
